|        | Dear John:  | STATINTL  |  |  |  |
|        | T home that presided a letter Succession  |           |  |  |  |
|        | I have just received a letter from factory giving a little information on the Dataphone equipmen              | t.        |  |  |  |
|        |   | STATINTL  |  |  |  |
|        | has written with regard to shipping the equipment to Washington instead of                                    | STATINTL  |  |  |  |
|        | A copy of this letter has been sent   | STATINTL  |  |  |  |
|        |   | -STATINTL |  |  |  |
|        | They will keep me informed of the situation and I will, of course, pass any information received on to you.   |           |  |  |  |
|        |   | STATINTL  |  |  |  |
|        | I have not received a progress report yet, b  | ut        |  |  |  |
|        | hope to have something available soon. It would appear from letter that they are hoping to have the equipment | t         |  |  |  |
|        | ready for shipping the middle of next month.  | STATINTL  |  |  |  |
|        | The equipment was to be sent so it would appear that will not be able to save on                              | STATINTL  |  |  |  |
|        | shipping costs.   | STATINTL  |  |  |  |
|        | The living costs for the engineers in Washington will be appro  | STATINTL  |  |  |  |
|        | mately the same as if they installed the equipment  | The       |  |  |  |
|        | air fare would be considerably more. The difference per engir   | <br>neer. |  |  |  |
